The Southern Colorado Runners are hosting an affordable, local and scenic duathlon for the community. This has been a long-standing triathlon at CSU Pueblo for ten years and in Pueblo West 1987-2006. Traffic concerns and scheduling conflicts pushed the decision to move the race to Lake Pueblo to safe, fun and festive venue.

Could your organization help promote this active, fun event promoting health and wellness? We are offering discounts to locals, family discounts and trying to keep the cost to a minimum to get more locals active!
